#### **What I do**

Decision making as problem solving choices, decision making in the 'no knowledge' area, living in the 'not knowing'.

"As a natural born critic I see the blind spots, flaws and weak points. In every situation I look for 'the right choice' to solve a problem: analytical, anti-romantic, stimulating. I fancy method, minimalism and cutting-edge tools."

As a freelance consultant I take on smaller projects and help clients at a moderate price to professionalize matters.

2. Inbound-Marketing
3. Online Communications
4. Relationships
5. Reputation
6. **Special Assignments, Troubleshooter**
